While here for Socialization, your pet will have exposure to many people, other animals and at least one socialization station per day. A socialization station may include a nail trim, ear cleaning, strange noises CD (played very softly) or a field trip around the hospital. In every situation, your pet will be handled with love, given lots of praise, and of course treats! Puppies are taken for 5 minute walks four to six times daily, or as necessary.

I hereby grant Mesa Veterinary Hospital P.C. permission to use any photo or video taken of my pet, in any and all of its publications, including educational material, website entries and social media without payment or any other consideration.

Animals attending Day Camp need to have had at least their first set of vaccinations. Puppies are also required to have the Bordetella Vaccine (a bacterial form of kennel cough.) Please note that although we screen all puppies for contagious diseases (such as kennel cough) prior to day camp, any time there are large numbers of puppies in close proximity, there is a risk of illnesses spreading. Much like day care or school for children, there is a possibility of your pet being exposed to other respiratory or GI illnesses at day camp. While we will do our best to minimize this risk, we cannot be held responsible for any contagious illness your pet may develop or the results of said illness.

Animals here for Day Camp that require medical attention or medication will receive it immediately. **Owners will assume all financial responsibility for any treatment.**

Animals are to be picked up during office hours only! (Tuesday and Wednesday 8AM to 8PM & Fridays 8AM to 5:30PM). We do not assume responsibility for personal items left with your pet while attending Day Camp (toys, blankets, etc)

I have read, understand and agree to the above policy and agreement for boarding for Day Camp at Mesa Veterinary Hospital. I agree to pay, in full, for services rendered. ALL FEES DUE UPON RELEASE OF THE ANIMAL.
